I would like to see an EPA compatable Paint booth installed at the automotive craft shop with autobody classes offered by Wallace Comm College or some other college. My family and I would participate in more programs if we knew about them in advance. It's hard to find out information on various activities that the post is sponsoring.

I have lived in Japan. The MWR facilities in Japan offer higher payouts at bingo. I am not sure why that is, but I would like to see higher payouts for bingo. My family would also like to see evening pool parties offered at the pools and concerts by todays stars.

The MWR services lean very significantly to men. The Hooter Girls are a main stay at annual events. Although this installation is predominately male, there is a healthy population of single women working and learning in the community. I do not advocate the elimination of male directed events, but there should be a concerted effort to entertain women (not mothers or housewives). Another issue is the chasm between officers and enlisted on post. Again the installation is a heavy officer demographic, yet enlisted do reside here. The cost and the awkwardness of fraternization cause most to segregate by not participating. An enlisted club that is not located outside the perimeter of main post area could survive is funded and operated properly.

Overall, it is a tough sell for MWR at an installation whose primary mission is to teach soldiers every week except Christmas. Thank You

Would like to see travel trailers for rent at outdoor rec services...nice for us old folks to camp in comfort.
Do not think encouraging bingo is desirable.
There should be at least one facility open at which soldirs can study on Fri. nights. The learning center and the library are both closed Fri. nights.
Swimming without a lifeguard on duty should be allowed...present rules are too restrictive on families.
Bike lanes should be added to increase biking safety and encourage biking on post.

For Golf- Family golfing. I take my sons, ages 6 and 8, golfing and we are looked at as a nuisance on the course. We let everyone play through and we only go on week day afternoons when it is not crowded. The manager at the golf course is not military friendly. I am an instructor at the Captains Career Course and we use the golf course for social events and offsite instruction. He is never receptive to our needs and makes us feel as though military are not welcome at "his" golf course. "What do the GI's want today" is his quote. I want him fired. I hate feeling like I don't belong at a military run golf course and quite honestly I never have until coming here. In flight school there was a monthly golf cours membership that was great for TDY and flight students that is no longer available.

Offer access to challenging wooded areas to responsible offroad clubs in exchange for trail and firebreak maintenance. Allow the creation of new environmentally friendly trails, rock trails, and mud bogs for 4x4 fun. Assign a volunteer to patrol the respective areas to ensure clubs are not blazing unauthorized trails and are cleaning up behind them as they go. Have the club president sign a waiver that would preclude the government from liability for injuries. Require the use of seat belts on trails and helmets during competition meets. The helmet rule would apply to all 4 wheelers, (the little motorcycle ones), but only to full size trucks and Jeeps during competition. Have a POC for securing use of the areas. And most of all, don't judge all 4x4 owners because some idiots don't drive responsibly. Most of us respect the land and Tread Lightly.

The Equestrian Center needs to be included in this survey. The small sampling of question on the equestrian center does not adequately cover the importance of that facility. Golf and Bowling are not the only activities on Post. The equestrian center provides more family activity than most of the other MWR services, and with the open shows brings in money from the outside community.

The post golf course used to be a place where I had a membership but since the decline of the condition of the course and quality of services provided it is not worth the annual fee's that they are charging. I have moved my membership to an off post course.

Lake Thaloco has been a much need addition to this post. I use the lake for skiing every weekend during the summer.

the one thing that i have noticed about this facility is the the play grounds on post really need new equipment, especially around the lake areas and better pick-nick tables,new BBQ grills some that i have seen on post are in very very poor condition (that goes for most of the play ground and pick-nick tables and gazeebos) the main base ball dimond facility used to sell hot dogs and small snack foods but for what ever reason they don't any more. This would be a good money maker for the MWR the bathrooms at the same facility was horrible. I hope that this servey will help. We soldiers deserve better conditions for our time off to help with our moral and welfare.

Services at Fort Rucker are very limited because the post is located in an economically and culturally poor area. MWR will have a very limited opportunity to make an impact. The post should sponsor an event week like the 'Week of the Eagles' found at Ft. Campbell. Bring in some National Headliner talent for a concert at the parade field. But I must admit that I do not think it would be as big of a hit at Ft. Rucker because the community does not have the means or desire to support the military here the way that Clarksville/Hopkinsville support the 101st!

It is an officers post. Nothing at all like our neighboring post Ft. Benning, or even Maxwell.

They both actively support enlisted personnel. ...I am still highly dissatisfied that Fort Rucker has no NCO club.

It has taken me years to get my rank. Now, it really does not feel so special.

In summary MWR services on Fort Rucker are spartan, and do not meet my needs.

Ft Rucker does a credible job with the MWR services. The July 4th events are among the best around. The youth services are also very good and reasonably priced. The Summer child care for teens is great. I only wish it was offered for 10 year olds at the same price.

Organizations should NOT be restricted to using "Above the best" catering services. Organizations should be allowed to "rent" the space at the club and use their own catering services which offer better return for the money spent. Above the best catering services ARE NOT above the best, they are over priced, often understaffed and running late or behind. This issue has shown up at virtually every AFAP meeting yet the command refuses to address the poor quality of Above the best catering services. You want people to support the club system then address the issue that is keeping them from supporting the system. Perfect example, lunch at aviators landing on Fridays when they serve catfish. Normally a favorite, however, there is only 1 line to get in and out of, there are only 2 cashieres and only one line to take credit cards, you can easily find it taking 20 minutes just to get out of the line to eat, if they don't run out of catfish.

I am a dual military family member and I feel as though the costs of the Child Development Center need to be recalculated. I am in the most expensive category for my infant child. I pay \$507.00 per month. I am outraged because when I came to Ft. Rucker from GE. We, my husband and I (E-5/E-6) were told we make enough money to pay the cost of the CDC.

To my surprise, I found out that the CDC is not consistent with what they charge. For starters, I knew several people who out ranked me at the time and were paying approximately \$100.00 less. I find ridiculous that I must pay the same as a General Officer, if they were to use the services. MWR/CDC always bosts that they are for the military family, however it is all about money! As a Soldier, I may need to have my child at the daycare earlier than 0530. Not possible at this CDC. In GE, we had no problems if it was a unit or post function.

This CDC needs to stop charging by rank. Do I get different care for my child because I pay more? Why is it that a Soldier pays as much as a BN Commander or G.O.? This should not be based on a socialist system. For the most part, the staff are trained, however you have a few people that just seemed to have slipped through the training crack (unprofessional, rude, etc).

A few months ago, my husband noticed we were being charged an extra dollar per month for child care. I know it seems small. However, the CDC had been doing this for about a year. After speaking telling my soldiers, they went home and looked at their records. The CDC was STEALING from Soldiers! Yes, \$1.00 per month is not a lot, however multiply that by all of the people who use the CDC yearly. For the "military family", that is what I used to think. My child is very young and use to his caregivers, so like most of the people I have spoken with...we feel our children's happiness is a priority. Do I think that we get better care, NO! I can go off post and pay \$254.00 per month for the same hours.

It is nice to have a video tape of the center, however, if your child is injured it is like pulling teeth to view the incident. I suppose I should not expect anything more from them as they barely cooperate the JAG office. What are they hiding?

My last comment is that when your child is sent home (after only 30/45 minutes)the parents should only have to pay for the time that the child is in the care of the center. I have picked my child up numerous times and took him to the Dr to find he has no problem. If the workers are not trained to deal with crying children, perhaps child care is not the job for them.

Stop Socialism!

have never needed services

Overall Comment

I personally don't conduct any business on main post. There are too many people looking for someone to "correct". I will continue to avoid using an Army option until that changes, which means I will not be using them any time soon.

I feel the services provided are fine, despite my disuse. No doubt they are quite beneficial to some soldiers and their families.

Though I am not a user, I fully support a broad spectrum of services available to our community.

I hate doing surveys and I only did this one because my command made me and it did not ask me to answer any of the questions trufly so I did not. I am so busy at work and I am short 3 people and I resent being forced to answer questions when someone else name was on the envelope and they crossed it out and wrote my name in. I work at fort eustis VA.

everyone in my command is doing the same as me.

I feel that Fort Rucker offers many fine services to the community and to active duty and dependents. I truly feel that Fort Rucker is a community and a "large family". I have many interactions with other civilians, contractors, soldiers and family members. I do not take advantage of many of the fine services offered on post, due primarily to the fact that I work full time and maintain a home off-post, leaving little leisure time, and that is used to pursue my hobbies in my home, my home town and my extended family. I have worked on Fort Rucker for 22+ years and treasure the friendships I have made and my experiences with the Army community. I am proud of what Fort Rucker offers to those who serve our country so well. I work for a program that serves families in a very personal way and have seen many excellent services delivered and the positive impact those services have had on those families and those of us who have been blessed to be associated with them. I sincerely hope that services are never decreased primarily to the families who live here and who are part of the Fort Rucker and Southeast Alabama "family". The fine services that are offered play a vital role in making their lives better. The soldiers can then do their jobs without undue concern for the families they too often have to leave behind, stranded far away from extended family. The services offered to retirees is also vital, because this area is more and more recognized as a wonderful place to retire. Those retired soldiers and their families deserve all they get, and more. Thank you for this opportunity.

I feel there is much to offer the community here on Fort Rucker. Events and activities are well advertised. I believe that families are just busy, and settled in a normal daily routine. With readily accessalbe computers, internet, DVD's, video games, etc folks leave home alot less, except for special events that are family oriented. I would like to see evening dinning for families offered somewhere here on the base.

re: bingo - hold it somewhere that the players can't smoke!! That place smells bad; no one wants to go anywhere that the stench of cigarette smoke just reeks.

Monthly post runs should at least accommodate walkers. Running isn't the only fitness option out there! If you ask, you are told that they "can't keep the finish line open that long." Give me a break - it would only be about another hour; I pay \$12/activity - I know they aren't paying those fitness assistants \$12/hour. FITNESS means all types of fitness, not just running

Put the card catalog for the post library online

DO not rely on the post tv channel for advertising events and activities. I don't have cable and so I don't get this channel

Kudos to the Garrison for lighting the running/fitness walking trail. It is a great, great improvement! Rock on.

Is MWR serious about wanting DACs to use their facilities and services? If so, I do not know what MWR facilities DACs can/cannot use. At one time I was told that I could, but my family members could not use the physical fitness center (PFC) or library. At one time, I was told that only Active Duty Soldiers could use ITR, bowling lanes, movie theater, etc. I have not seen anything to promote DAC usage of any MWR facility so my assumption is that DACs are still excluded from most.

As a veteran, I appreciated the exclusive use of MWR benefits and services by my fellow warfighters. However, if this policy now has changed, I will be glad to support our warfighters through my participation and use of MWR facilities and services and I will go out of my way to do so. Therefore, if MWR is serious about wanting DAC patronage, I suggest they remove all exclusions for DACs and their family members and make the policy widely and clearly known. If this could be coupled with issuing CAC/ID cards to family members, then I believe you would see a significant increase in MWR usage. Is MWR really serious?

1. Make all activities "Soldier Friendly" to both smokers and non-smokers, like the Army use to be before political correctness.
2. Put competent managers in the MWR main office, who actually understand best business practices, customer satifaction, performance standards, and quality service. They lack the business expertize of managing a "for profit" organization in a highly competitive environment.

I am writing this to make you aware of the treatment we as active duty and retired soldiers are receiving from the Equestrian Center Manager, the Outdoor Recreation Manager, and the Director of DCFA here at Ft. Rucker all while the Garrison commander turns a blind eye. It is quite obvious that this organization is not in the least concerned with serving military members. The only thing that matters is making money. Every response I have received to my concerns has been a very generic, veiled attempt at condescension. I am always told that I am misinformed or mistaken. The issues I address are skirted or changed in to something I have not addressed, and nothing is ever done.

My wife and I are totally disillusioned with the equestrian center. It is a source of constant stress to us. How incidents as the ones I have mentioned can go on, and no one is held accountable, is beyond me. It is obvious to me that 23 years of service and combat duty for my country do not count at Fort Rucker MWR. During my active duty time here at Fort Rucker, we were always highly encouraged by the chain of command to support MWR. It seems to me like the cart is pulling the horse. When is MWR going to start supporting the soldier? It seems that the entire MWR/DCFA system is dedicated to making money at any cost to soldiers and their families, and covering their tracks so the military chain of command is kept in the dark. This is done by labeling all customers who have valid concerns as "complainers". Then they are treated with contempt by the MWR chain. I believe it's a sad day that active duty military and veterans can be treated with such utter disregard and disrespect by those who claim to serve them.

Since this time, my wife has been written up by the new outdoor recreation chief, Ken Jackson for numerous unsafe acts all at the same time. After these allegations were delivered, he refused to speak with her. All of them were either frivolous, or did not happen at all as stated by the Fort Rucker Inspector General after these allegations were investigated. We are the only people who have ever been written up for anything as far as I know, even though the things we were written up for go on on a daily basis right in front of the manager. I would hate to think that notes were being compiled on us so action could be taken against us because we complained about legitimate problems at the FREC, but it doesn't take too much to realize that is exactly what has happened. We have been betrayed by the military chain of command and civilians that I served honorably for 24 years. I find it very hard to support any type of MWR activity with this knowledge. Will you do anything about it? I now truly doubt it.

The current Golf Course Pro/Manager is detrimental to the Course at this time. His ability to deal with course patrons is severely lacking, especially when compared to the previous Pro. His approach with the customers is aloof and he has made minimal efforts to identify himself and his capabilities/goals for the courses' future to long time members. On several dealings with him, I have found him to be sarcastic, arrogant and his attempts at communications are in a demeaning and condescending manner. I will no longer support the snack bar or buy from the Pro Shop while he is there.

I used to participate in the club activities,ie Brunch on Sunday mornings, happy hour, dancing. The music was mostly soul, the service very poor,the prices were way out of sight, you could then and still can beat the prices most any place off Post. The NCO club was not a nery nice place to take your wife or friends.I think that the club system on Fort Rucker have priced themselves out of business.

The PFC has alot to be desired as far as maintenance of the Equipment, I might add that it has improved some what over the past few years. The new PFC Center will be a big help and eliminate the over crowded conditions

The Auto craftshop has very good people, but again \$5 an hour to rent a lift seems a bit high, The signs in the PX boast that the PX contributed \$856,700 to the MWR fund, where does it go?

The lake cost 2 bucks to drive out there and if you take your boat to put in the water it cost another 2 bucks.

The only good buys are at the Commisary

This Officer's Club used to be the best in the Army, but now it's a ghost town. Army anti-alcohol policies (career enders) are the largest impediments to club attendance. Even special events like Mother's Day brunch aren't as good as they used to be. Generally, it's very depressing to go out there on a Friday night and be one of 5 people in the bar or dining room.

MWR should be proactive in assessing customer needs (i.e., this survey) more frequently. I believe MWR is on the right track with bingo and bowling, they need to continue this upward trend, with similar social activities. Events like the soldiers show attracts big crowds, granted they are free. I believe that if you pursue similar entertainment venues that are reasonably priced, they may prove, to be successful.

The post used to have the "Flying Wheels" dirt track out by Hanchey. My family and I used to go out and have a great time riding bikes. One Warrant Officer was killed there years back due to not knowing the course and poor judgement and then it was shut down. Many service members and retirees have to pay \$15 per person per day to ride on a dirt track, and there is really no where to just ride trails. Trail riding is a great activity for Dads and sons especially, and with the many miles of trails that used to be on post it is a shame to have closed it all down.

Thanks.

I am retired Army/Civil Service. I work on landscaping my 4 1/2 acre ranchette, do woodworking/automotive repair in my own garage (own all of the appropriate tools) and maintain my wife's inventory (auctions and small store on Ebay). I have a large fifth wheel camper that we use to get away from it all. We usually eat at the Golden Corral two to three times a week (Senior discounts from 2:00 to 4:00 PM). Occasionally, we will eat at a Chinese restaurant during the lunch meal. Other than that, we do not participate in any social activities (except an occasional get together with personal family). My wife and I make use of the Commissary and Army Hospital Pharmacy for our food and medicine needs. Our family doctor is located at Flowers Hospital. I realize my response is not encouraging, but we simply don't participate in any of the activities provided at the Army Base. I am too old to be competitive in any sports (hate most of them). Golf, Basketball and Football are listed as number 18, 19 and 20 below the last item on my list of a million things I would like to do for the rest of my life.

I would like to see the bowling alley maintained better. Currently it is hard to complete three games during a league without at least one lane breaking down.

I would also like to see more access to the picnic areas for disabled persons.

Why can't I purchase a food item at any MWR or food court restaurant and take it into the bowling alley? The menu at the bowling alley is very limited, this would enhance my visits considerably. Recently I purchaed a pizza at Anthony's on post any was asked to leave the bowling alley or throw out the pizza. This policy is just plain dumb. I know there is some regulation quoted on the door but that should not apply to food purchased on post.

Perhaps a speaker could be invited to Ft. Rucker to talk about current events or the Social Security changes being proposed. Even a few Vets back from Iraq to tell us about some of the positive aspects of our troops involvement, doesn't have to be political, just informative. It would sure be nice to hear some GOOD news for a change.

The area allowed for sailboats at Lake Tholocco is too restrictive. They are only allowed to use the north end of the lake. That area has a lot of it not usable due to water plants. Also this is the area designated for use by personnel water craft. Their high speed and low speed of sailors do not mix well. Why not let the few sailors that use the lake use it all except an area for ski boats? I have never seen enough boats on the lake at one time since the lake reopened to justify all the restrictions. Maybe just put the restrictions in place during the summer months if they are needed.

MWR SAYS THAT THEY ARE HERE FOR THE SOLDIERS; IN REALITY, HERE AT FORT RUCKER THAT IS A CROCK!!! THEY DON'T HAVE ANYTHING TO OFFER TO THE SINGLE SOLDIERS, BESIDES THEIR BOSS PROGRAM, OR FOR THE OLDER TEENAGERS THAT LIVE ON POST. EVERYTHING CLOSES EARLY (BURGER KING, THEATRE, GYM, ETC...) OR DOESN'T OPEN UNTIL LATE ON SUNDAYS. TO REGISTER YOUR KIDS FOR SPORTS, YOU FIRST HAVE TO SIGN THEM UP TO BE A MEMBER OF THE YOUTH CENTER, WHICH DOESN'T GET USED EXCEPT FOR SKATE NIGHT ON FRIDAYS, AND THE YOUNGER ONES DON'T USE IT AT ALL!!!! THE ARMY NEEDS TO TAKE LESSONS FROM THE OTHER MILITARY BRANCHES THAT ACTUALLY CARE ABOUT THEIR PEOPLE AND OFFER A LOT MORE. AS FAR AS THE PX IS CONCERNED; YOU WOULD THINK SINCE THEY KNOW THAT THE BASE SCHOOLS HAVE CERTAIN CLOTHES RESTRICTIONS THEY WOULD HAVE THOSE FOR SALE AND NOT CLOTHES THAT THE KIDS CAN'T WEAR. YOU HAVE TO GO OFF POST IN ORDER TO FIND PANTS OR SHORTS OR SHIRTS THAT THIS KIDS CAN WEAR TO SCHOOL. MWR STINKS HERE!!!!!!

I would love to have my child participate in the CDC program but the fees are too high. I had my daughter at the CDC and was paying over 500.00 a month when the average rate in the area is 300.00. I had to take her out despite the fact that she loved her caretaker and the environment. I know several people who are/were in the same situation as we are. The CDC is wonderful here in Ft. Rucker, I sure wish we could afford to utilize it.

I don't use MWR services as much here as I would somewhere else because this area is my home and I have family, friends and know the local area well.
Since most people live off post, you need to advertise more to those people.

There are plenty of places for an off road ATV to ride. I think there would be a great response to a track or path in the woods for those interested. I have noticed plenty of families here on post that have four wheelers and dirt bikes. It would benefit those who have them and get others interested in this family activity.

Ft Rucker closes very early in the evening which makes it difficult to use the facilities available for working spouses. Having a 24 hour shoppette, or at least the gas portion, would be very beneficial to Ft Rucker.

Aviators Landing lunches are antiquated.....out of date. Today most military families are very health conscience and I think would like to see more unique and healthy foods offered. Fried chicken and spaghetti and tacos are not acceptable food choices. Great salads and soups would cause me to want to eat at the landing more often.
Also, we recently came back from a visit to Fort Drum, New York and recommend looking into converting Cobra Lounge into a Mico-brewery and eatery. If you want a good model to emulate.....check out Fort Drum's Commons!!!! Also, my husband is allergic to cigarette smoke --- please make the club a smoke free club!
We are a military post and need to promote health! Fort Drum is smoke free and it hasn't hurt their business at all.

I love to play bingo but can't stand the smoke! I would go if it were non-smoking.

I would love to see an increase in social offerings that would appeal to both single soldiers and those who have chosen not to have children. We are a contributing force in this nation's Army yet we are largely ignored. There are few incentives to remain on post to dine or socialize because the offerings are bare bones. I have to admit that the hours at Aviator's Landing have increased but there isn't any draw to attend there other than the fact that it is the only viable social facility available on post. Many soldiers and their spouses would benefit from active, adult social events due to the proximity of post facilities to their homes and barracks. Fun needs to be injected into this post's social outlets...games, a regular dj, door prizes, theme nights...all of which would promote unit cohesion and esprit de corps. I would strongly plea for improvements at the post library as well. The internet connections are slow and the equipment is antiquated. Reading materials are often dated and irrelevant.

I would like to see better tennis instruction and/or the establishment of leagues. Also a music program for preschool children. The CDC needs to have better time tracking because I am often overcharged if late by 1 or 2 minutes. Hourly care is FABULOUS and a must have. A true benefit over non-military living. I think my husband misses the happy hours / casual dining opportunities at Aviator's Landing.

Provide additional camping activities and return to renting campers.
 Provide better facility, food services, and dancing at the Club.
 Provide a place on post for a nice, moderately priced dinner.
 Provide touring and travel charters for those interested monthly. For example:
 1. Motorcycle planned trip for couples.
 2. Chartered bus to Destin or Panama City for couples (group rate rooms for one night).
 3. Chartered bus trip to Dauphin Island with a night on the town in Mobile.
 4. Chartered tours of area events.
 (All of these could be arranged at discount couple prices and could be planned on a weekend.)

I feel the base has become very family inclusive oriented. This is not a bad thing, but should not be the entire theme of all planned events. Adult couples enjoy recreation as well and I feel it very good to offer activities monthly geared strictly around adult couples. Everyone needs a break.

The Youth Services (YS) program discriminates against children with disabilities by not practicing inclusion. The YS program is evaluated on how much assistance it DOES NOT give the children. This discriminates against children with disabilities who may need help and more time before understanding the program. The YS leadership does not recognize that all children have different learning patterns and their activities are tailored toward the general population and not for children with disabilities. When was the last time you saw a child or children with a physical disability using the YS? There are also the children with "silent" disabilities, the ones you can not see, such as, children in the Autism Spectrum, or children with cognitive disabilities. These children will require more patience at the beginning of programs and during transition, but no provisions are made and the excuse is they don't have enough employees. If accommodations need to be made, they should be done without complaint. The evaluation system needs to change to reflect the needs of ALL children. Employees should not only be technical proficient but also have a "heart" for children. The employees need to be educated on how to teach children and how to talk to children. Our money support MWR programs and our children, their siblings, and their children should have the opportunity to participate in the same programs as their non-disability peers.

Army Family Team Building is one of the most valued resources in today's Army. It is a pity that it has to compete with a hostile command climate here at Fort Rucker for students, ie. against Spouse Survival School. Spouse Survival School gets the full backing of the command group, funding from unknown sources for childcare and lunch for the students, and unlimited advertising on Post Marquees and in the Army Flier, while AFTB, a Department of the Army funded program, does not get equal play. I find this quite unsettling. It is my hope that with the change of command, AFTB gets the recognition it deserves - as the premier program designed FOR Army Spouses, BY Army Spouses to empower and educate them.

I was very disappointed in the quality of books available at the library. The children's books are old and sparse. The library would be utilized more if a higher quality of books were offered.

The present fitness center would benefit by an increase in the cardio area with an increase in exercise equipment.

The Youth Center would be better if there were announcements in the post paper of the programs that are going on. Not everyone is able to drive by and read the marquee so the advertising would help.

Since June, I have noticed there is more hourly care available at CDC...for this I am grateful. My children use the Youth Service Center for sports, dance, skate night, and gymnastics. The instructors are good. I only have two concerns. First, the staff at skate night seems inappropriate (at times) in behavior. They allow kids to exit the building easily without much supervision. Most of the workers seem to be there for the dancing. Second, there is a huge disconnect between Central Registration and YS. I am often told to pay the wrong amount, not on the list for sports I have paid/joined, not contacted by YS with coach info despite several messages.

Thank you.

I think Fort Rucker has a lot to offer from MWR, my family has not been here long enough to have the opportunity to use the facilities/equipment. This post has almost as much to offer as the local surrounding area with the exception of driving to Dothan. I'm not sure if this was provided by MWR but the paved tracks around post provide the most beneficial exercise opportunity than any other post I have lived on or visited.

I am newly married to a soldier, which may account for some of my answers. I have always lived in Ozark, so I am aware of many of the events and things that Ft. Rucker offers. I work at a local hospital and realize the importance of our local military installation and the impact it would have if it were not there. Since marrying a soldier, I have learned so many things that Ft. Rucker has to offer that I was totally unaware of, and those things are wonderful and we have enjoyed using many of them.

Thank You

I would like to see a better notification of the children's sports that are offered through CYS. I didn't get any notice on the T-Ball sign up times and missed it all together. At Ft. Bragg, the schools had information on the dates of the CYS services. Also, the outdoor pools were free to military card holders. Here, you have to pay to get into the outdoor pool. Thank you for your concerns on these matters.

#65 - offer bingo in a nonsmoking facility!

Monthly post runs should at least accommodate walkers. Running isn't the only fitness option out there! If you ask, you are told that they "can't keep the finish line open that long." Give me a break - it would only be about another hour; I pay \$12/activity - I know they aren't paying those fitness assistants \$12/hour. FITNESS means all types of fitness, not just running.

YS Sports programs need to advertise more. You often don't know about deadlines until they have passed for participation. Many things could be offered but aren't because there isn't interest, but no one ever knows that they are available!

DO not rely on the post tv channel for advertising events and activities. I don't have cable and so I don't get this channel.

It would be neat if YS offered a summer day camp at Lake Tholocco. That is a very nice facility and seems to be way under-utilized.

Put the card catalog for the post library online; it's already computerized. That way, you could see what was available for a particular topic without driving over there - also could see if it was checked out, or available.

Advertise/hold events at the indoor pool in the winter! You could get some of the inflatable items like at the lake, and hold a "family swim night." Also, what about a "dive in movie?" Even once a month would be cool - seems like the indoor pool is only for lap swimmers, not families.

The Golf course isn't very customer friendly. Some of their bizarre policies, ie if there are 2 people in a party, both must pay full price for a cart, but you have to share one?, have driven the active duty soldier away. It seems that this was their intent all along, as if they'd rather have retirees than soldiers as customers.

Give the ITR office a bigger space!! They are doing a fabulous job over there, but are truly "shoe horned" in there! I know they could do great things with more room.

I would like to see our post theatre improve their services. They need to open their doors more than just the 10 minutes prior to the movie that they do now. The line for popcorn and a drink is endless. If they would put TWO people behind the counter for popcorn and drinks, the line would move much quicker and no one would miss the previews or the beginning of the movie. This facility can do better with more help. They would increase sales by having a second person to run the popcorn machine. Please improve this service with a second register and a second person to run it!

I would like to see Bingo back in the ballroom and make it a NON SMOKING event. Play fewer games in order to take more breaks for the smokers, and make the games that ARE played higher payouts.

I would like to see the MWR RV storage area free to ON POST residents who are not allowed to keep their RVs at their quarters. If they aren't going to assume any liability, they need to make it a free facility. We had our trailer damaged and nothing was done about it. What are we paying for?

I've been here for almost 3 years now and I've found that lack of advertising or word of mouth is a large part of why I don't partipate or even know about the activities that are provided. I would love to go horse back riding but with out more information I'm less likely to ever do it. Many, Many more flyers should be passed out in the schools regarding all children activities available. Maybe have things listed in the Army flyer regarding post activities. When I first go here I was invited to company spouse coffees and the invites stopped coming so I no longer attend which was a large part of how I found out what was going on in my spouses life, work area, and on post. The beleive Fort Rucker has many great activites but no enough participation do to lack of advertising.

I'd love to have a special concert (The Army Band, etc) or other event for adults at least monthly. Our off-post community recently had the Glenn Miller Orchestra band, but tickets were outrageous. A Dinner Theatre would be especially great around Valentine's day. Army couples have a special challenge. Offering special events for couples, and extending CDC hours on those nights would be an excellent way for the Army to show that it supports it's Army families. When you move as often as we do, getting out for that monthly date is a challenge. It's hard to find dependable childcare after hours, because you don't really KNOW people. I trust CDC to do excellent background checks. Keeping Army families together should be a priority. Sometimes we just need a little help. The communities around Ft. Rucker offer few places to go on a date. You have to drive to Dothan or Troy. By then, you've spent a fortune on childcare, if you can even find suitable childcare at night. The recent juggler offered for the children was FABULOUS!!! The only problem is, we rarely hear about the events unless we pick up a flyer at the CDC. Maybe if the information was shared more with the units, it might make it home.

The only thing I would say about Army Lodging is to allow pets into Army Lodging. We need to move our family because of the Army, but it is costly and time consuming to find pet care at each new post we go to.
